

**Community Council (CC):**

Members agree to:

1. Keep informed through our meetings (three times per year), the newsletter, etc.
2. Champion CUC2C in our community (our goal is to have the *whole* community on the CC)
3. Find a niche: use their skills to move our community closer to the goals.

**Steering Committee:** A subset of the Community Council composed of the anchor entities and cross-sector representatives that meet monthly to oversee the development of CUC2C.

**Anchor Entities:** Organizations that have agreed to underwrite a goal team through staff commitment and in-kind resourcing. Currently, those are:

- **United Way:** Kindergarten Readiness
- **CC Chamber of Commerce:** Workforce Readiness
- **Champaign Unit 4:** Data co-anchor
- **Urbana Unit 4:** Data co-anchor
- **Community Foundation of East Central Illinois** Fiscal agent

**Operations Team:** The volunteer leaders of all of our teams, plus the co-directors, who together direct CUC2C on a daily basis and report to the Steering Committee.

**Goal Teams:** Community stakeholders invested in a particular goal who come together to move through the collective impact process in order to determine and implement the kinds of “best practices” needed in our community to maximize impact on that goal.
