Goal Team Monthly Report

Goal Team: Support for Academic Success

1. Team progress since the last report (attach meeting minutes if applicable)
The team met on April 25th. Dr. Ivory-Tatum presented an Executive Summary of the Staff Surveys and asked for input from the group. The final version should be ready to post on the CUC2C website before summer.

Both districts continue to collect parent survey information from targeted groups. Once those surveys have been added to the overall data, we will finalized the Executive Summary of the Parent Surveys and add it to the CUC2C website.

Amanda Raklovitis provided a preliminary overview of the student survey data from Champaign Unit 4. Urbana School District 116 is slightly behind their original timelines and plans to complete their student surveys in the coming weeks. We should have all of the data before the end of May.

Tony Maltbia presented preliminary findings from the Community Schools survey and focus group at Garden Hills. He will share the full report with the SAS Goal Team once Champaign Unit 4 has had a chance to review and digest the information. The Community Schools report is comprehensive and will inform our next steps.

We will meet the week of May 5/29-6/1.
